

Jennifer Kirkland & Bert Carlson

This dynamic vocals/guitar duo from the Shenandoah Valley gives new meaning to the word “eclectic” — don’t label them, just listen! They do it all, from creating fresh arrangements of jazz standards, to reinventing pop/rock tunes with their unique style, to presenting their own original material. If you haven’t heard them, you’re missing out on some great musical conversation. Audiences all across Virginia rave about this duo — come and hear for yourself why.
